Which antibiotic for hospital acquired pneumonia caused by MRSA?

In this Editorial (*BMJ* 2014;348:g1469, doi:10.1136/bmj.g1469), author John Muscedere cited a systematic review and meta-analysis by AC Kalil and colleagues (reference 13). While Kalil's name was correct in the references section, in the text of the article it was mistakenly spelt as "Khalil" in three places.
