Nuclear Medicine at Hull

A new department of nuclear medicine was opened at Hull Royal Infirmary by the chairman of the Humberbridge Area Health Authority, Sir John Dudding, on 5 December. The equipment includes a gamma camera and linked computer, part of the department's equipment and the most modern in Europe, was held on that day.

Frederic Wood Jones

A volume comprising sketches of Wood Jones's life and work by Sir Arthur Keith, Sir Wilfred Le Gros Clark, Miss British of Western Australia, and Professor K. F. Russell, together with a bibliography of 362 of his published works has recently been compiled by a doctor in Melbourne. Wood Jones, F.R.C.S. (1879-1954) was professor of anatomy in Adelaide, Hawaii, and Melbourne, and was the chairman of the Royal College of Surgeons in Ireland, where he died. He was a rebuilding of the Hunterian Collection, severely damaged by bombing in the second world war. A list of the published works of Frederic Wood Jones (1879-1954), Barry Christopher, is available from Book Promotion Department, Ramsay Surgical Ltd., P.O. Box 124, Carlton South 3053, Victoria, Australia, price AS 50 plus AS 1 freight and insurance charge.
