Corrections**Professor J. J. Jervis**

In a few early copies the obituary notice to Professor J. J. Jervis (26 April, p. 254) referred to Dr. Cameron.

It should have read "the then medical officer of health Dr. Angus" and three lines further down "on Angus's sudden death."

The notice should have been attributed to "D. B. B."

Atropine in Anaesthesia

The third sentence in the first paragraph in the answer to this question ("Any Questions?" 19 April, p. 167) should have read "Atropine disturbs heat regulation."
