### Section 2: Introduction to Appointment

**Job Title:** Consultant MSK and General Radiologist

**Department:** Radiology Department

**Base:** Royal Infirmary of Edinburgh
You may also be required to work at any of NHS Lothian sites.

**Post Summary:** Applications are invited from suitably qualified Consultants and Specialist Registrars who have completed or are within six months of completion of Specialist Training for this post.

This is an NHS Lothian post and an honorary contract will be sought with the University of Edinburgh. The successful candidate will join an established team. They will have a highly visible consultant presence offering senior support to Radiology Trainees & Radiographers with emphasis on improving patient care through rapid consultant-led assessment. They will be responsible for the delivery of the teaching of radiology and radiography to trainees.

There are 8.5 DCC available for direct clinical care in specialty work (subject to discussion and service needs) and up to 1.5 SPAs.

This is an exposure prone post.

Section 3: Departmental and Directorate Information

In NHS Lothian Radiology is part of the Directorate of Diagnostics, Anaesthetics, Theatre and Critical Care (DATCC). Radiology is led by the Director of Imaging, Dr Peter MacLean, who is managerially accountable to the Director of DATCC and professionally accountable to the Associate Medical Director, Dr Michael Gillies.

The Director of Imaging works with Senior Radiographer, Mr Paul Hudson. There are currently Lead Radiologists for the East (RHCYP, NRIE and DCN) and West Sectors (WGH & StJH), together with Clinical Leads for Neuro, Breast and Paediatric Imaging. Radiology provides imaging services for each of the component hospitals within the Acute Division, as well as for Primary Care Services. There is a Division-wide Hospital Information System with Electronic Patient Record.

NHS Lothian is part of the Scottish National PACS with up to date reporting systems supported by a local RIS. As part of a regional support service, NHS Lothian provides imaging support to NHS Fife and NHS Dumfries and Galloway through a separate reporting platform, which shares the same hardware and software. National reporting as part of the Scottish National Radiology Reporting Service (SNRRS) is available in NHS Lothian. It is anticipated that successful applicants will have home workstations and be able to access all reporting platforms from home (providing suitable bandwidth is available).

Transport links: Travel between sites during a single working day will be kept to a minimum. Good public transport links are available to St. John’s (and between the Edinburgh hospitals) but having access to your own transport maybe more convenient.

Parking permits are limited at Little France and applicants should not expect to be able to access on site parking routinely.

Section 4: Main Duties and Responsibilities

Clinical: Please see indicative job plan

Out of Hours Commitments: The successful applicant will be on the general Royal Infirmary on-call rota

Location:
- It is anticipated the principal base will be at Royal Infirmary of Edinburgh and a day will be spent at St John’s Hospital Livingston.
- As part of your role, you may be required to work at any of NHS Lothian’s sites.

Provide high quality care to patients:
- Maintain GMC specialist registration and hold a licence to practice.
- Develop and maintain the competencies required to carry out the duties of the post.
- Ensure patients are involved in decisions about their care and respond to their views.

Research, Teaching and Training:
- Where possible to collaborate with academic and clinical colleagues to enhance NHS Lothian’s research portfolio, at all times meeting the full requirements of Research Governance.
- To provide high quality teaching to medical undergraduates and members of other health care professions as required by the Clinical Director.
- To act as educational supervisor and appraiser as delegated by the Clinical Director to ensure external accreditation of training posts with an appropriate allocation of SPA time for these roles.

Medical Staff Management:
- To work with colleagues to ensure junior doctors are compliant with EWTD & New Deal.
- To ensure that adequate systems and procedures are in place to control and monitor leave for junior medical staff and to ensure that there is appropriate cover within the clinical areas, including on-call commitments.
- To participate in the recruitment of junior medical staff as and when required.
- To participate in team objective setting as part of the annual job planning process.

Governance:
- Participate in clinical audit, incident reporting & analysis and to ensure resulting actions are implemented.
- Ensure clinical guidelines and protocols are adhered to by doctors in training and updated on a regular basis.
- Keep fully informed about best practice in the specialty areas and ensure implications for practice changes are discussed with the Clinical Director.
- Role model good practice for infection control to all members of the multidisciplinary team.

Strategy and Business Planning:
- To participate in clinical and non-clinical objective setting process for the directorate.
- Be willing to adapt practice to suit varying Directorate priorities over time.
Leadership and Team Working:

- To demonstrate excellent leadership skills with regard to individual performance, clinical teams and NHS Lothian and when participating in national or local initiatives
- To work collaboratively with all members of the team.
- To resolve conflict and difficult situations through negotiation and discussion, involving appropriate parties.
- Adhere to NHS Lothian and departmental guidelines on leave including reporting absence.
- Adhere to NHS Lothian values.

Section 5: NHS Lothian – Indicative Job Plan

Post: Consultant Radiologist - MSK/General

Specialty:

Principal Place of Work: Royal Infirmary of Edinburgh

Contract: Permanent

Availability Supplement: Level 1 3%

Out-of-hours: 1 in 14 (prospective cover) general radiology on call

A 1 in 14 ‘second on call’ system of weekend cover is provided for checking overnight images from home – 6 hrs per weekend

Managerially responsible to: Radiology Clinical Director/Director of Imaging

Timetables of activities that have a specific location and time:

</table>
The Job Plan is negotiable and will be agreed between the successful applicant, and the Clinical Director. Radiology is committed to person centred employment practices and this includes consideration for compressed working allowing a regular day off and working from home where this does not undermine the core work or training within imaging departments. NHS Lothian initially allocates all consultants 10 PAs made up of 8.5 PAs in Direct Clinical Care (DCC) and one core SPA for CPD, audit, clinical governance, appraisal, revalidation job planning, internal routine communication and management meetings. As a major teaching and research contributor, NHS Lothian would normally expect to allocate additional SPA time for activities to do with undergraduate education, educational supervision of trainee medical staff, research and other activities. These are all areas where NHS Lothian has a strong commitment and we recognise the contribution that consultants are both willing and eager to make. Precise allocation of SPA time and associated objectives will be agreed with the successful applicant and will be reviewed at annual job planning.

Section 6: Contact Information

Informal enquiries and visits are welcome and should initially be made to:

Dr Gillian Ritchie/ Dr Tom Blankenstein
Lead Consultants
Royal Infirmary Edinburgh
Edinburgh EH16 4SA
Telephone: 0131 242 3748
e-mail: gillian.ritchie@nhslothian.scot.nhs.uk
e-mail: tom.blankenstein@nhslothian.scot.nhs.uk

Section 7: Working for NHS Lothian

Working in Edinburgh and the Lothians

Who are we?

NHS Lothian is an integrated teaching NHS Board in Scotland providing primary, community, mental health and hospital services. Calum Campbell is the Chief Executive, Professor John Connaghan CBE is the Chair and Tracey Gillies is the Executive Medical Director.

NHS Lothian provides services for the second largest residential population in Scotland – circa 850,000 people. We employ approximately 26,000 staff and are committed to improving all patient care and services and engaging staff in service planning and modernisation.

Over the next year across Scotland there will be significant changes in the way health and social care services are provided. In April 2015, integration came into effect in local areas led by four Health and Social Care Partnerships in East Lothian, Edinburgh, Midlothian and West Lothian. Working together will help us provide even better services for our communities and, where appropriate, people will receive high quality care closer to home. There is work underway in relation to the operational and governance capacity required, ensuring that planning for unscheduled and scheduled care is done in tandem between the four Integrated Joint Boards and the acute service.

http://careers.nhslothian.scot.nhs.uk
Further information about Edinburgh and NHS Lothian can be found at https://org.nhslothian.scot/Pages/default.aspx

Location

Edinburgh and the Lothians are on the eastern side of Scotland’s central belt in the heart of the country. Four main areas make up Edinburgh and the Lothians – Edinburgh, East Lothian, Mid Lothian and West Lothian.

Edinburgh and the Lothians are a place of exceptional beauty and contrast, from Edinburgh’s historic skyline to the scenic countryside and coastline that surround it. Edinburgh is famous for its castle, military tattoo, fringe and international festival.

Edinburgh and the Lothians are home to top-ranking state and private schools and world class universities and colleges. Edinburgh offers a rich diversity of parks and gardens to spend time relaxing with friends and family. Whether you want to buy or rent Lothian also offers a diversity of accommodation ranging from city centre based flats, waterfront living, Victorian or Georgian villas to more rural farm houses or coastal homes.

Local and wider transport networks are excellent. Glasgow is less than 50 minutes away by train. The Scottish Highlands are accessible in a few hours offering opportunities for skiing and walking. National and international transport links make it easy to keep in touch with friends and family via Edinburgh Airport which offers a variety of international flight opportunities.

If you are thinking about joining us from overseas further information can be found at www.talentscotland.com. For a comprehensive list of services to help moving to the City of Edinburgh, please visit the City of Edinburgh Council Website at: www.edinburgh.gov.uk.

What we can offer you

Working with NHS Lothian offers a variety of opportunities and benefits:

- Access to the NHS pension scheme
- Assistance relocating to Edinburgh
- NHS Lothian is an equal opportunities employer and promotes work-life balance and family-friendly policies
- A beautiful setting to live and work and to take time out after a busy day or week
- Access to a transport network offering easy travel links to the rest of the UK and Europe, as well as international options

Teaching and Training Opportunities

NHS Lothian has one of the largest and some of the most successful teaching hospitals in Scotland. We have a growing national and international reputation for medical teaching and research and are recognised as a centre of excellence.

We successfully train medics, nurses and other healthcare professionals from all over the UK and the world, many of whom choose to remain in employment with NHS Lothian and continue to contribute to the development of the organisation, promoting new techniques and going on to train the doctors, surgeons and nurses of tomorrow.

NHS Education for Scotland (NES) and NHS Lothian recruits junior medical staff both UK and worldwide. We are committed to providing a high standard of medical education and are able to offer training in a variety of specialties at foundation and specialty level, with the majority of training posts in the South East of Scotland rotating through Edinburgh and Lothian hospitals.
Information regarding training with links to the appropriate UK websites can be found at [http://www.scotmt.scot.nhs.uk](http://www.scotmt.scot.nhs.uk) and [http://nes.scot.nhs.uk](http://nes.scot.nhs.uk).

We enjoy close links with the University of Edinburgh ([http://www.ed.ac.uk/home](http://www.ed.ac.uk/home)) whose Medical School is renowned for preparing its medical students to become world-class doctors. Alongside NHS Lothian, the University of Edinburgh offers state-of-the-art medical teaching facilities at the Chancellors Building, including lecture theatres, seminar rooms, clinical skills training area, computing suites, as well as library facilities at the main university, Western General Hospital and Royal Hospital for Sick Children.

**Our vision, values and strategic aims**

We strive to provide high quality, safe, effective and person centred healthcare, continually improving clinical outcomes for patients who use our services and for our population as a whole.

To achieve this, we are committed to ever-closer integrated working with patients and our other partners in healthcare and to embedding a culture of continuous improvement to ensure that:

- Our staff can contribute fully to achieving the best possible health and healthcare, based on evidence and best practice
- Everything we do maximises efficiency and delivers value for patients and the public

We have identified six strategic aims to ensure we can deliver safe, effective and person-centred health and social care:

1. Prioritise prevention, reduce inequalities and promote longer healthier lives for all
2. Put in place robust systems to deliver the best model of integrated care for our population – across primary, secondary and social care
3. Ensure that care is evidence-based, incorporates best practice and fosters innovation, and achieves seamless and sustainable care pathways for patients
4. Design our healthcare systems to reliably and efficiently deliver the right care at the right time in the most appropriate setting
5. Involve patients and carers as equal partners, enabling individuals to manage their own health and wellbeing and that of their families
6. Use the resources we have – skilled people, technology, buildings and equipment – efficiently and effectively.

The specific areas of focus and actions needed to achieve each of these aims are detailed in “Our Health, our Future: NHS Lothian Strategic Clinical Framework 2014 – 2024,” consultation document which you will find at: [https://org.nhslothian.scot/Strategies/Pages/default.aspx](https://org.nhslothian.scot/Strategies/Pages/default.aspx)

**Our Health, Our Care, Our Future**

NHS Lothian works to help people live healthier, longer lives – no matter who they are or where in the region they live. Much progress has been made, but significant challenges and opportunities lie ahead. NHS Lothian draft strategic plan - Our Health, Our Care, Our Future – sets out what we propose to do over the coming decade to address these challenges and continue to provide a high quality, sustainable healthcare system for the people of Lothian.

In developing the strategic plan we have:

- asked staff and patients what and how things need to change to deliver our aims
- brought together local plans into an integrated whole
- identified opportunities to make better use of existing resources and facilities

• prioritised areas that will make most difference to patients

The plan outlines a range of proposals, which will allow us to:

• improve the quality of care
• improve the health of the population
• provide better value and financial sustainability

Over the coming months we will discuss the need for change and the proposals set out in the plan with staff, patients, communities and other stakeholders. A summary of the plan can be found at https://org.nhslothian.scot/Strategies/OurHealthOurCareOurFuture/Pages/default.aspx

**NHS Lothian’s Clinical Quality Approach – Quality Driving Improvement**

This is a new way of approaching quality in NHS Lothian. With this approach to service improvement we aim to deliver ‘high quality, safe and person-centered care at the most affordable cost’. This acknowledges that every £1 million of waste, unnecessary or inappropriate costs in one area of our system, denies us the opportunity to invest that £1 million in another area of our system.

In all highly reliable healthcare organisations, it is clear that senior leadership commitment to the importance of the work, the introduction of consistent improvement methodology, the use of good quality data and building improvement capability within the workforce, are key to the successful delivery of improvement strategies.

To allow NHS Lothian to meet the needs of our population today and in the future, we need to build on the good work that is already being done to redesign services and create a whole organisation approach to quality improvement.

**Our Values and ways of working**

NHS Lothian is determined to improve the way their staff work so they have developed a set of common values and ways of working which they now need to turn into everyday reality - to the benefit of everyone working in the organisation and, most importantly, to the benefit of their patients.

**NHS Lothian – Our Values into Action:**

**Care and Compassion**

• We will demonstrate our compassion and caring through our actions and words
• We will take time to ensure each person feels listened to, secure, understood and is treated compassionately
• We will be visible, approachable and contribute to creating a calm and friendly atmosphere
• We will provide a safe and caring setting for patients and staff, and an efficient, effective and seamless care experience
• We will meet people’s needs for information and involvement in all care, treatment and support decisions.

**Dignity and Respect**

• We will be polite and courteous in our communications and actions
• We will demonstrate respect for dignity, choice, privacy and confidentiality

http://careers.nhslothian.scot.nhs.uk
• We will recognise and value uniqueness and diversity
• We will be sincere, honest and constructive in giving, and open to receiving, feedback
• We will maintain a professional attitude and appearance.

Quality
• We will demonstrate a commitment to doing our best
• We will encourage and explore ideas for improvement and innovation
• We will seek out opportunities to enhance our skills and expertise
• We will work together to achieve high quality services
• We will use our knowledge and enthusiasm to implement positive change and overcome challenges.

Teamwork
• We will understand and value each other’s role and contribution
• We will be fair, thoughtful, welcoming and kind to colleagues
• We will offer support, advice and encouragement to others
• We will maximise each other’s potential and contribution through shared learning and development
• We will recognise, share and celebrate our successes, big and small.

Openness, Honesty and Responsibility
• We will build trust by displaying transparency and doing what we say we will do
• We will commit to doing what is right – even when challenged
• We will welcome feedback as a means of informing improvements
• We will use our resources and each other’s time efficiently and wisely
• We will maintain and enhance public confidence in our service
• We will be a positive role model.

Throughout the recruitment process candidates will need to demonstrate they meet all of Our Values.

Further information on our values into action can be found at https://org.nhslothian.scot/OurValues/Pages/default.aspx

Section 8: Terms and Conditions of Employment

For an overview of the terms and conditions visit: http://www.msg.scot.nhs.uk/pay/medical.

<td></td>
</tr>
<tr>
<td><strong>TOBACCO POLICY</strong> NHS Lothian operates a No Smoking Policy in all premises and grounds.</td>
<td></td>
</tr>
<tr>
<td><strong>DISCLOSURE SCOTLAND</strong> This post is considered to be in the category of “Regulated Work” and therefore requires a Disclosure Scotland Protection of Vulnerable Groups Scheme (PVG) Membership.</td>
<td></td>
</tr>
<tr>
<td><strong>CONFIRMATION OF ELIGIBILITY TO WORK IN THE UK</strong> NHS Lothian has a legal obligation to ensure that it’s employees, both EEA and non EEA nationals, are legally entitled to work in the United Kingdom. Before any person can commence employment within NHS Lothian they will need to provide documentation to prove that they are eligible to work in the UK. Non EEA nationals will be required to show evidence that either Entry Clearance or Leave to Remain in the UK has been granted for the work which they are applying to do. Where an individual is subject to immigration control under no circumstances will they be allowed to commence until right to work in the UK has been verified.</td>
<td></td>
</tr>
<tr>
<td><strong>REHABILITATION OF OFFENDERS ACT 1974</strong> The rehabilitation of Offenders act 1974 allows people who have been convicted of certain criminal offences to regard their convictions as “spent” after the lapse of a period of years. However, due to the nature of work for which you are applying this post is exempt from the provisions of Section 4 of the Rehabilitation of Offenders Act 1974 by virtue of the Rehabilitation of Offenders Act 1974 (Exceptions Orders 1975 and 1986).</td>
<td></td>
</tr>
</tbody>
</table>
Therefore, applicants are required to disclose information about convictions which for other purposes are “spent” under the provision of the act in the event of employment, failure to disclose such convictions could result in dismissal or disciplinary action by NHS Lothian. Any information given will be completely confidential.

| MEDICAL NEGLIGENCE | In terms of NHS Circular 1989 (PCS) 32 dealing with Medical Negligence the Health Board indemnity will cover only Health Board responsibilities. Paragraph 63 of the General Medical Council’s Good Medical Practice requires you to have adequate insurance or indemnity cover. You may wish to consider taking out additional medical indemnity e.g. with a Medical Defence Organisation to ensure that you have indemnity for the whole of your practice. |
| NOTICE | Employment is subject to three months’ notice on either side, subject to appeal against dismissal. |
| PRINCIPAL BASE OF WORK | You may be required to work at any of NHS Lothian’s sites as part of your role. |
| SOCIAL MEDIA POLICY | You are required to adhere to NHS Lothian’s Social Media policy, which highlights the importance of confidentiality, professionalism and acceptable behaviours when using social media. It sets out the organisation’s expectations to safeguard staff in their use of social media. |
Section 9: General Information for Candidates

Data Protection Legislation
During the course of our activities we will collect, store and process personal information about our prospective, current and former staff. The law determines how organisations can use personal information. For further information on the type of data that is handled, what the purpose is of processing the data and where and why we share data, please see the NHS Lothian Staff Privacy Notice, found at: NHS Lothian Staff Privacy Notice

For the purposes of this privacy notice, 'staff' includes applicants, employees, workers (including agency, casual and contracted staff), volunteers, trainees and those carrying out work experience.

Counter Fraud
NHS Lothian is under a duty to protect the public funds it administers, and to this end will use the information you have provided on your application form for the prevention and detection of fraud. It will also share this information with other bodies responsible for auditing or administering public funds for these purposes. More detail on this responsibility is on NHS Lothian intranet (Counter-Fraud and Theft page) and further information is available via Audit Scotland.

References
All jobs are only offered following receipt of three satisfactory written references. At least one reference must be from your current/most recent employer or your course tutor if you are currently a student. If you have not been employed or have been out of employment for a considerable period of time, you may give the name of someone who knows you well enough to confirm information given and to comment on your ability to do the job.

Disclosure Scotland
Where a Disclosure or Protection of Vulnerable Groups Check is deemed necessary for a post, the successful candidate will be required to undergo an appropriate check. Further details on the Recruitment of Ex-Offenders are available from the recruitment centre.

Work Visa
If you require a Work Visa, please seek further guidance on current immigration rules, which can be found on the UK Government Home Office website.

Job Interview Guarantee Scheme
As a Disability Symbol user, we recognise the contribution that all individuals can make to the organisation regardless of their abilities. As part of our ongoing commitment to extending employment opportunities, all applicants who are disabled and who meet the minimum criteria expressed in the job description will be guaranteed an interview.
Overseas Registration and Qualifications

NHS Lothian will check you have the necessary professional registration and qualifications for this role. You will need to provide an official translation of qualifications notarized by a solicitor of your overseas qualifications to be checked by the recruiting panel. Please ensure that this is available before applying for the post.

Workforce Equality Monitoring

NHS Lothian is committed to supporting and promoting dignity at work by creating an inclusive working environment. We believe that all staff should be able to fulfil their potential in a workplace free from discrimination and harassment where diverse skills, perspectives and backgrounds are valued.

In order to measure and monitor our performance as an equal opportunities’ employer, it is important that we collect, store and analyse data about staff. Personal, confidential information will be collected and used to help us to understand the make-up of our workforce that will enable us to make comparisons locally, regionally and nationally.

Equal Opportunities Policy Statement

NHS Lothian considers that it has an important role to play as a major employer and provider of services in Lothian. We are committed to encouraging equality and diversity among our workforce and seek to eliminate discrimination. The aim is for our workforce to be truly representative and for each employee to feel respected and able to give their best.

The objectives of its policy are that no person or employee receives less favourable treatment on the grounds of gender identity, gender expression, disability, marital status, age, race (including colour, nationality, ethnic or national origin), religion or belief, sexuality, responsibility for dependants, socio-economic status, political party or trade union membership or activity, HIV/AIDS status or is disadvantaged by conditions or requirements which cannot be shown to be justifiable.

Our Equal Opportunities in Employment policy can be viewed on our careers website: https://careers.nhslothian.scot/equal-opportunities/
NHS Scotland Application Process

- The purpose of an application form is to help evidence that the applicant has all the requirements applicable to carry out the job applied for.
- It is essential to read both the job description and the person specification to gain a full understanding of what the job entails and the minimum criteria required.
- Please note for equal opportunity purposes NHS Lothian do not accept CV’s as a form of application.
- Your personal information will not be sent with the application for shortlisting. The application form will be identified by the candidate number only to ensure that no applicant will be unfairly discriminated against.
- Please complete all sections of the application form. Those sections that are not relevant please indicate 'not applicable', do not leave blank.
- Please visit https://apply.jobs.scot.nhs.uk for further details on how to apply.
