8) Opportunity for QI, research and audit supported by consultants locally.

Section 3: Departmental and Directorate Information

http://careers.nhslothian.scot.nhs.uk
St John’s Hospital (SJH) opened in 1989 and is located in the centre of Livingston, a new town about 30 minutes drive west from Edinburgh. The hospital provides for most common specialties. It hosts several regional and one national service. There are 24 wards in total consisting of:

- Medical Admissions Unit, 3 General Medical wards and a CCU/medical HDU.
- 6 Psychiatric wards including an Intensive Psychiatric Care Unit, Psychiatry for the Elderly, Acute Psychiatry, Rehabilitation, Mother and Baby Unit, and Regional Eating Disorders Unit.
- 3 Medicine for the Elderly wards including a Stroke Unit, Orthopaedic Rehabilitation Unit and a General Rehabilitation ward.
- 4 Surgical wards including Plastic Surgery, Regional Burns Unit, Oral and Maxillofacial Surgery, ENT and General Surgery (Elective).
- 4 Obstetric & Gynaecology wards including a Labour Suite.
- 1 Paediatric ward.
- 1 Observation Ward attached to the A&E Department.

The Mental Health Services in West Lothian are managed within an Integrated Joint Board (IJB) by the local Health and Social Care Partnership (HSCP). They are a part of the Lothian wide services and are integral to the Lothian Mental Health and Wellbeing Strategy. All psychiatric consultants working at St John’s Hospital are expected to engage in regional planning for their particular specialty and relevant continuing professional development activities.

In-patient psychiatric services, including an Intensive Psychiatric Care Unit, Acute Psychiatry Psychiatry of the Elderly beds are in St John’s Hospital at Howden, Livingston.

There are two regional inpatient services covering the South East of Scotland, a Perinatal Psychiatry Mother and Baby unit and an Eating Disorders Ward In addition, the Scottish Mental Health Service for Deaf people is hosted here.

Day patient services are provided at St John’s Hospital, and several sites in the community several [including depot and Clozapine clinics]. A peripatetic service provides day care for the Elderly with Mental Disorder at a range of community resources. Clinical Psychology, Occupational Therapy and Psychiatric Nurses run a number of psychotherapeutic groups in St John’s Hospital.

Outpatient clinics are based both in hospital and in community settings, including general practices. With Clinical Psychology Services and Community Psychiatric Nursing also based within Health Centres, this offers the opportunity for close networking and liaison with General Practitioners and other community staff. A community outreach team comprised of Consultant Psychiatrists, Community Psychiatric Nurses and Social Work staff provides a service to patients with severe and enduring mental disorder.

There is a dedicated team for Mental Health Social Work, and another for Mental Health Officers and Adults with Incapacity.

The Clinical Psychology Department is also part of the HSCP. The department offers dedicated sessions to Care of the Elderly with Mental Disorder, Child and Family Psychiatry, in addition to 8 primary care based clinics.
Occupational Therapy and Physiotherapy Services are provided from within St John’s Hospital by the respective departments. The Occupational Therapy service is especially active in Mental Health.

West Lothian has a total population of 180,000. The General Adult Psychiatry Service covers all patients between the ages of 19 and 64 years, although there will be continuing responsibility for some patients with functional illness over the age of 65. Patients under the age of 65 with possible dementia are generally initially assessed by general psychiatry, who will usually initiate diagnostic investigations before transferring to the old age service for follow up.

There is one in-patient general psychiatry ward in St John’s Hospital with 24 beds. Most general adult consultants are responsible for patients admitted from their own catchment area and for patients admitted from out with West Lothian on a rota basis.

There are separate in-patient wards for Intensive Psychiatric Care and Rehabilitation that have their own consultants.

Section 7: Working for NHS Lothian

Working in Edinburgh and the Lothians

http://careers.nhslothian.scot.nhs.uk
Who are we?

NHS Lothian is an integrated teaching NHS Board in Scotland providing primary, community, mental health and hospital services. Calum Campbell is the Chief Executive, Professor John Connaghan CBE is the Chair and Tracey Gillies is the Executive Medical Director.

NHS Lothian provides services for the second largest residential population in Scotland – circa 850,000 people. We employ approximately 26,000 staff and are committed to improving all patient care and services and engaging staff in service planning and modernisation.

Over the next year across Scotland there will be significant changes in the way health and social care services are provided. In April 2015, integration came into effect in local areas led by four Health and Social Care Partnerships in East Lothian, Edinburgh, Midlothian and West Lothian. Working together will help us provide even better services for our communities and, where appropriate, people will receive high quality care closer to home. There is work underway in relation to the operational and governance capacity required, ensuring that planning for unscheduled and scheduled care is done in tandem between the four Integrated Joint Boards and the acute service.

Further information about Edinburgh and NHS Lothian can be found at https://org.nhslothian.scot/Pages/default.aspx

Location

Edinburgh and the Lothians are on the eastern side of Scotland’s central belt in the heart of the country. Four main areas make up Edinburgh and the Lothians – Edinburgh, East Lothian, Mid Lothian and West Lothian.

Edinburgh and the Lothians are a place of exceptional beauty and contrast, from Edinburgh’s historic skyline to the scenic countryside and coastline that surround it. Edinburgh is famous for its castle, military tattoo, fringe and international festival.

Edinburgh and the Lothians are home to top-ranking state and private schools and world class universities and colleges. Edinburgh offers a rich diversity of parks and gardens to spend time relaxing with friends and family. Whether you want to buy or rent Lothian also offers a diversity of accommodation ranging from city centre based flats, waterfront living, Victorian or Georgian villas to more rural farm houses or coastal homes.

Local and wider transport networks are excellent. Glasgow is less than 50 minutes away by train. The Scottish Highlands are accessible in a few hours offering opportunities for skiing and walking. National and international transport links make it easy to keep in touch with friends and family via Edinburgh Airport which offers a variety of international flight opportunities.

If you are thinking about joining us from overseas further information can be found at www.talentscotland.com. For a comprehensive list of services to help moving to the City of Edinburgh, please visit the City of Edinburgh Council Website at: www.edinburgh.gov.uk.

What we can offer you

Working with NHS Lothian offers a variety of opportunities and benefits:

- Access to the NHS pension scheme
- Assistance relocating to Edinburgh
- NHS Lothian is an equal opportunities employer and promotes work-life balance and family-friendly policies
- A beautiful setting to live and work and to take time out after a busy day or week

http://careers.nhslothian.scot.nhs.uk
- Access to a transport network offering easy travel links to the rest of the UK and Europe, as well as international options

**Teaching and Training Opportunities**

NHS Lothian has one of the largest and some of the most successful teaching hospitals in Scotland. We have a growing national and international reputation for medical teaching and research and are recognised as a centre of excellence.

We successfully train medics, nurses and other healthcare professionals from all over the UK and the world, many of whom choose to remain in employment with NHS Lothian and continue to contribute to the development of the organisation, promoting new techniques and going on to train the doctors, surgeons and nurses of tomorrow.

NHS Education for Scotland (NES) and NHS Lothian recruits junior medical staff both UK and worldwide. We are committed to providing a high standard of medical education and are able to offer training in a variety of specialties at foundation and specialty level, with the majority of training posts in the South East of Scotland rotating through Edinburgh and Lothian hospitals.

Information regarding training with links to the appropriate UK websites can be found at [http://www.scotmt.scot.nhs.uk/](http://www.scotmt.scot.nhs.uk/) and [http://nes.scot.nhs.uk/](http://nes.scot.nhs.uk/)

We enjoy close links with the University of Edinburgh ([http://www.ed.ac.uk/home](http://www.ed.ac.uk/home)) whose Medical School is renowned for preparing its medical students to become world-class doctors. Alongside NHS Lothian, the University of Edinburgh offers state-of-the-art medical teaching facilities at the Chancellors Building, including lecture theatres, seminar rooms, clinical skills training area, computing suites, as well as library facilities at the main university, Western General Hospital and Royal Hospital for Sick Children.

**Our vision, values and strategic aims**

We strive to provide high quality, safe, effective and person centred healthcare, continually improving clinical outcomes for patients who use our services and for our population as a whole.

To achieve this, we are committed to ever-closer integrated working with patients and our other partners in healthcare and to embedding a culture of continuous improvement to ensure that:

- Our staff can contribute fully to achieving the best possible health and healthcare, based on evidence and best practice
- Everything we do maximises efficiency and delivers value for patients and the public

We have identified six strategic aims to ensure we can deliver safe, effective and person-centred health and social care:

1. Prioritise prevention, reduce inequalities and promote longer healthier lives for all
2. Put in place robust systems to deliver the best model of integrated care for our population – across primary, secondary and social care
3. Ensure that care is evidence-based, incorporates best practice and fosters innovation, and achieves seamless and sustainable care pathways for patients
4. Design our healthcare systems to reliably and efficiently deliver the right care at the right time in the most appropriate setting
5. Involve patients and carers as equal partners, enabling individuals to manage their own health and wellbeing and that of their families
6. Use the resources we have – skilled people, technology, buildings and equipment – efficiently and effectively.
The specific areas of focus and actions needed to achieve each of these aims are detailed in “Our Health, our Future: NHS Lothian Strategic Clinical Framework 2014 – 2024,” consultation document which you will find at: http://careers.nhslothian.scot.nhs.uk

Our Health, Our Care, Our Future

NHS Lothian works to help people live healthier, longer lives – no matter who they are or where in the region they live. Much progress has been made, but significant challenges and opportunities lie ahead. NHS Lothian draft strategic plan - Our Health, Our Care, Our Future – sets out what we propose to do over the coming decade to address these challenges and continue to provide a high quality, sustainable healthcare system for the people of Lothian.

In developing the strategic plan we have:

- asked staff and patients what and how things need to change to deliver our aims
- brought together local plans into an integrated whole
- identified opportunities to make better use of existing resources and facilities
- prioritised areas that will make most difference to patients

The plan outlines a range of proposals, which will allow us to:

- improve the quality of care
- improve the health of the population
- provide better value and financial sustainability

Over the coming months we will discuss the need for change and the proposals set out in the plan with staff, patients, communities and other stakeholders. A summary of the plan can be found at https://org.nhslothian.scot/Strategies/OurHealthOurCareOurFuture/Pages/default.aspx

NHS Lothian’s Clinical Quality Approach – Quality Driving Improvement

This is a new way of approaching quality in NHS Lothian. With this approach to service improvement we aim to deliver ‘high quality, safe and person-centered care at the most affordable cost’. This acknowledges that every £1 million of waste, unnecessary or inappropriate costs in one area of our system, denies us the opportunity to invest that £1 million in another area of our system.

In all highly reliable healthcare organisations, it is clear that senior leadership commitment to the importance of the work, the introduction of consistent improvement methodology, the use of good quality data and building improvement capability within the workforce, are key to the successful delivery of improvement strategies.

To allow NHS Lothian to meet the needs of our population today and in the future, we need to build on the good work that is already being done to redesign services and create a whole organisation approach to quality improvement.

Our Values and ways of working

NHS Lothian is determined to improve the way their staff work so they have developed a set of common values and ways of working which they now need to turn into everyday reality - to the benefit of everyone working in the organisation and, most importantly, to the benefit of their patients.
