Key working relationships and lines of responsibility

Medical Director:	Dr Sarah Constantine
Medical Lead:	Dr Dan Hodgson
Clinical Director:	Dr Eva Dietrich
Clinical Lead:	Anita Hutson
Operational Manager:	Emmy Watts
Responsible Officer:	Dr Sarah Constantine

2. Service Details

Summary of the Post

The Intensive Service

The Intensive Service is based at the Long Fox Unit, Weston General Hospital. This service is available 24 hours a day, 365 days a year. It is the gate keeping and discharging agent for inpatient services and provides expert assessment to individuals experiencing mental health crisis within four hours of referral.

The Intensive Team carries an average workload of 25 patients, although weekly referral numbers can vary, this caseload is managed by the team manager. The Consultant does not carry a caseload. The senior nurses (band 6) carry out emergency referral assessments from either recovery or PCLS. They then refer to a consultant if necessary throughout their treatment. A consultant will occasionally be asked to assess but mainly if it is viewed as very complex.

Referral criteria is not strict and is managed on a case-by-case basis. The service would mainly expect to see:

- Service users experiencing a relapse in severe and enduring mental illness who are at risk of hospital admission.
- Service users at high risk of self-harm or suicide.
- Service users who are referred for mental health act assessment.
- Service users who cannot be safely managed by an increase in care from their regular team.
- Early planned discharges from the acute wards

Following an assessment the team will work with the individual to agree a plan of care and will provide intensive treatment in their home in order to reduce their distress and promote recovery. Home Treatment will be provided to “wrap-around” Care Co-ordination in Recovery to prevent hospital admission or to facilitate enhanced discharge from inpatient units. The intensive service will provide weekend support element of the care plan for service users receiving an AO function. If the intensive team consider a period of dedicated treatment in one of our specialist hospitals is the best care option, the team will ensure smooth transfer to hospital and support the individual on their return to home following discharge from hospital.

The Consultants will have a core trainee full time and will provide supervision for them, there is a local college tutor for trainees. The Consultant will have monthly clinical and management supervision with the Medical Lead.

There were 250 referrals on average in the six month from October 2016 to March 2017. The average length of stay on the caseload was 14 days which includes patients who were discharged from the acute wards. People taken onto the caseload can spend up to 8 weeks with the team, but it is usually no more than 2 weeks.

There were 65 referrals closed after first assessment during this period. (i.e. 185 taken on).

The consultant will review approximately 6 patients per week with 50% being home visits with other team members. These will all be follow ups as they will have had an initial assessment with a band 6 nurse from the team.

Care Clusters

The service will use the care cluster model as a clinical framework, alongside CPA to assess, plan, deliver and review care.

The Model uses 21 care clusters to describe a set of needs and each cluster attracts a number of different things:

- a range of interventions, drawn from NICE guidance
- a number of different professional roles to be involved for given amounts of time
- a clinical review interval, and an anticipated course for each condition ranging from six weeks to long term.

Each service user will have their needs allocated to a care cluster, with the aid of the Cluster Allocation Support Tool (CAST) tool. Specific Care packages will be offered according to each cluster. Although each cluster has its own specific review period, currently review will be undertaken following assessment, at each CPA review, and at points when needs change significantly. There will be regular re-assessment/re-cluster and CPA review according to clinical guidelines and a clinical decision made as to whether the service user will step up, or step down within AWP or outside of the service.

3. Clinical Duties

- The Consultant will deliver direct interventions to service users including emergency assessment, diagnoses and treatment of mental and physical health needs.
- To manage the delivery of intensive home treatment and alternatives to hospital admission.
- The Consultant will supervise the medical team that provides medical care and may act as RC for service users in collaboration with other teams and Consultants.
- Responsible for the mental health care of all service users through daily reviews, attending the review daily themselves Monday to Wednesday.
- Collaboratively work with the Inpatient teams to provide dedicated lead consultant input to acute care service coordination by meeting

the needs of the service user and enabling timely access to inpatient services or recovery services ensuring that CPA planning and aftercare arrangements are in place.

- To participate in gate keeping and attendance at MHA assessments where appropriate as well as facilitating CTO discussions.
- The Consultant has a duty to collaborate with key personnel to ensure the smooth transition through any changes in the care pathway
- The Consultant is expected to contribute to the development of acute care services in line with best practice and nationally accredited standards.
- Active participation in acute care pathways meetings identifying services users who require access to inpatient or recovery services in a timely manner as well as identifying potential discharges from the inpatient ward.
- Understand and participate in the maintenance, monitoring and evaluation of service specific performance indicators and targets in particular with Facilitated enhanced discharge and gate keeping.
- The post holder will be expected to support the Medical Lead and participate in strategic development both within the local service and the wider Trust.
- The Consultant is expected to provide visible and clear leadership at team level.

Management Responsibilities

- The post holder will be expected to be a key player in the development of the service.
- The post holder will be expected to provide medical leadership and participate in strategic development within the service.
- To support and participate in Clinical Governance and Audit and in particular the design and completion of any service evaluation.

Administrative Responsibilities:

The post holder will undertake administrative duties associated with the running of his/her clinical work.

Training and Supervision of Junior Medical Staff

The post holder will be expected to undertake the supervision and training of medical students, junior and middle grade doctors, Specialist Registrars and multidisciplinary colleagues, where appropriate.

As a junior doctor trainer the post holder will be responsible for their professional supervision and management. Where appropriate, the post holder will be named in the educational contract of junior staff as the person responsible for overseeing their training. The post holder will be expected to be involved and contribute to the regular teaching programme for trainee medical staff and medical students.

Quality Improvement

- Leads and manages a team in a way that supports the development of a culture of continuous improvement and learning.
- Utilises a quality improvement approach to think systemically about complex problems, develop potential change ideas and test these in practice using a systematic QI methodology.
- Empowers the team to resolve local issues on a daily basis using the tools and method of quality improvement without staff having to seek permission.
- Promotes awareness and understanding of quality improvement, and shares learning and successes from quality improvement work.

General Duties

- To manage, appraise and give professional supervision to junior medical staff as agreed between consultant colleagues and the medical director and in accordance with the Trust's personnel policies and procedures. This may include assessing competences under the Modernising Medical Careers framework.
- To ensure that junior medical staff working with the post holder operate within the parameters of the New Junior Doctor Contract 2016 and are Working Time Directive compliant.
- To undertake the administrative duties associated with the care of patients.
- To record clinical activity accurately and comprehensively, and submit this promptly to the Information Department.
- To participate in service and business planning activity for the locality and, as appropriate, for the whole mental health service.
- To participate in annual appraisal for consultants.
- To attend and participate in the academic programme of the Trust, including lectures and seminars as part of the internal CPD programme.

- To maintain professional registration with the General Medical Council, Mental Health Act Section 12(2) approval, and to abide by professional codes of conduct.
- To participate annually in a job plan review with the clinical manager, which will include consultation with a relevant manager in order to ensure that the post is developed to take into account changes in service configuration and delivery associated with modernisation.
- To work with local managers and professional colleagues in ensuring the efficient running of services, and share with consultant colleagues in the medical contribution to management.
- To comply with all Trust policies including Equal Opportunities policies and to promote equality of access to healthcare at all times.
- Participation in the Trustwide Medical Advisory Group TMAG.
- To participate in continuing medical education and maintain good standing for Royal College of Psychiatrists CPD. Consultants are expected to become members of a peer group and will be signposted to the appropriate group on appointment.
- The post holder will be encouraged to develop an area of special clinical interest in line with service needs. This may be practice based research. Please refer to the notes reference the University of Bristol for an outline of current research interest. The University Department of Mental Health in Bristol is keen to see new projects developed and will help with advice and supervision where appropriate.

External duties, roles and responsibilities

The Trust actively supports the involvement of the consultant body in regional and national groups subject to discussion and approval with the medical director and, as necessary, the chief executive officer.

Other duties and review of duties

These duties are intended to be a guide to the post and should not be considered exhaustive. It is subject to review, depending on the needs of the department. The post holder will be encouraged to participate in any such review. The Trust is committed to regular performance appraisal (including setting objectives for review annually) and agreement of personal development plans for all staff to enhance their ability to fulfil the requirements of their post.

From time to time it may be necessary for the post holder to carry out such other duties as may be assigned, with agreement, by the Trust. It is expected that the post holder will not unreasonably withhold agreement to any reasonable proposed changes that the Trust might make.

Administrative Support

The consultant will have access to administrative support through a named Administrator based at Long Fox Unit.

Office Facilities

The consultant will have access to a dedicated office, mobile phone, laptop and Computer facilities at the Long Fox Unit. There is rapid access to IT support from the Trust IT team as required.

On-Call

The west division on-call rota is currently a 1 in 25 on-call frequency and covers adults of working age and older adults across South Gloucestershire, Bristol and North Somerset.

The rota operates on an opt in/out basis with consultants opting in or out at the point of bi-annual review. The post holder may not have the option to join the on-call rota on appointment.

The on-call is designated as Category A for which the on-call supplement is 3%. The rota covers 9am to 9am (with the option to take compensatory rest if needed) and consultants are paid 1 PA per week for S12 work which is a requirement of the on-call.

Senior trainees also participate in this rota and are supported by consultant staff. Consultants will be expected to have a handover (by phone) with on call juniors and discuss a care plan for all new admissions over the weekend.

Cover Arrangements

Cover for annual and study leave is reciprocal with other Consultants and leave requests are submitted electronically to the Medical Lead with appropriate cover agreements attached.

Special Requirements

The successful candidate will be expected to have transport available to fulfil the requirements of the post and live within 10 miles of the hospital base or within 45 minutes travelling distance.

4. Suggested Timetable

Day	Time	Activity	Category	No. of PAs
Monday	AM	Team caseload Review/Clinical work	DCC	1 PA
	PM	Care pathways meetings	DCC	1 PA
Tuesday	AM	Clinical work Admin/ Junior Doctor Supervision	DCC	1 PA
	PM	Clinical work/assessments and reviews	DCC	1 PA
Wednesday	AM	Team meeting/handover Ward Reviews	DCC	1 PA
	PM	Team meeting/handover Service development/meetings	DCC/SPA	0.5 PAs each
Thursday	AM	Clinical work	DCC	1 PA
	PM	SPA/audit/CPD	SPA	1 PA
Friday	AM	Team caseload Review	DCC	1 PA
	PM	CPD and management	SPA	1 PA

The timetable above is an example only. The job plan and timetable will be agreed with the Medical lead and Service Manager after appointment, and will be reviewed annually. In negotiations with the BMA the Trust has agreed that, for a whole time contract of 10PA's, 1.5 will always be reserved for supporting professional activities, up to 1 optional additional SPA for specified tasks and 7.5 reserved for direct clinical care.

The Trust encourages and expects consultants to offer to undertake specified additional tasks which support professional activities. This means that consultants will generally be expected to be on a split of 7.5 PA's for direct clinical care and 2.5 SPA's. Examples of such additional work include formal roles in supporting education, specific management responsibilities (eg membership of the Medicines Management Group) or roles offered by external agencies and subject to separate contracts (for example Deanery or College roles) which further the wider aims of the Trust.

In those circumstances and subject to the agreement of the relevant service manager, time to undertake additional responsibilities will be offered within the standard working week and the consultants job plan varied accordingly.

Those responsible for educational supervision of trainees will always have 0.5 PA timetabled into their job plan.

Undertaking additional tasks is not an absolute requirement. Those who would rather not be involved in such work are entitled to opt out'.

5. Remuneration and Benefits

Following is a summary of the main terms and conditions together with the benefits of joining Avon & Wiltshire Mental Health Partnership NHS Trust. Any formal offer of employment will be accompanied by a full statement of terms and conditions. Our Human Resources team will be happy to discuss any of the points raised here.

Salary

The appointment is at Consultant grade with salary thresholds from £82,096 - £110,683 per annum for a full time post of 10 Programmed Activities (PAs). Part Time employees will receive payment pro rata to the above full time salary range. . The starting point on the salary scale will depend on the date on which the doctor was first appointed as an NHS Consultant and may take account of other consultant level experience or factors which have lengthened consultant training, in accordance with the Terms and Conditions – Consultants (England) 2003. This post is also subject to nationally determined terms and conditions of service. If candidates are in receipt of Discretionary Points or Clinical Excellence Awards these will be honoured.

Annual Leave

Entitlement will be 32 days per annum for full time working, increasing to 34 days on completion of 7 years' service as a Consultant. In addition there is entitlement to 8 Public/Bank Holidays. For consultants contracted to work less than 10 PAs per week, annual leave, including Public/Bank Holidays will be calculated pro rata.

Sick Pay

Entitlements are outlined in paragraph 225 – 240 of the TCS.

Pension

The NHS offers a superannuation scheme which provides a variety of benefits based on service and final salary. Their pay will be subject to the deductions of contributions in accordance with the scheme's regulations. Membership of the scheme is via automatic enrolment, further details are available on appointment.

Equal Opportunity & Diversity

Avon and Wiltshire Mental Health Partnership NHS Trust is committed to the fair treatment of all people, regardless of their gender, gender re-assignment, race, colour, ethnicity, ethnic or national origin, citizenship, religion, beliefs, disability, mental health needs, age, domestic circumstances, social class, sexual orientation, ex-offender status, political allegiance or trades union membership.

The Trust requires all of its employees to treat all of its stakeholders including colleagues, service users, carers and their visitors with dignity and respect.

Flexible Working

The Trust is committed to assisting employees to achieve a healthy work/life balance and will consider sympathetically requests for flexible working arrangements, taking into account the impact on colleagues and the service.

Maternity, Paternity and Special Leave

The Trust offers generous maternity leave, after qualifying service, with extended maternity pay together with up to a year's leave with the right to return to your role within the Trust. Paid Partner Leave of two weeks following the birth of a child is also available.

Additional Paternity Leave (APL) is also available subject to eligibility.

In addition, Special Leave is available when staff are experiencing difficulties for domestic, personal or family reasons. We also offer up to 5 days compassionate leave to all employees.

Relocation Expenses

The successful candidate may be eligible to apply for assistance with removal and associated expenses in accordance with the Trust's Relocation Policy.

Travel Expenses

Travel expenses will be in accordance with paragraphs 277 – 308 of the TCS for journeys incurred in performing your duties.

Interview Expenses

Second-class travelling expenses will be reimbursed to shortlisted candidates for costs associated with making a pre-interview visit. Subject to the prior agreement of the Trust, shortlisted candidates who make a second visit may be granted expenses on this occasion also. For candidates travelling from abroad, expenses are payable only from the point of entry into the UK.

Two Ticks Disability Symbol

The Trust is committed to the employment and career development of disabled people. To demonstrate our commitment we use the Two Ticks Disability Symbol awarded by the Employment Service. We guarantee an interview to anyone with a disability who meets the minimum criteria for the post. You do not have to be registered disabled but consider yourself to have a disability.

Policies and Procedures

Trust employees are expected to follow Trust policies, procedures and guidance as well as professional standards and guidelines. Copies of Trust policies can be accessed via the staff intranet, OurSpace or from your manager.

In particular, attention is drawn to the Trust's arrangements in relation to safeguarding children and vulnerable adults as well as infection prevention and control.

All employees are expected to be familiar with the Trust's approach to risk management, take a risk management approach to their own work and take responsibility for the management of the risks they own.

Confidentiality

Much of the work is of a confidential nature. This means that no discussion should take place about the care, needs, or activities of any service user, except in the clear interest of that service user or other members of staff. Staff are reminded that personal information concerning colleagues is also confidential.

References

Candidates are required to submit the names and addresses of three referees, one of whom must be their current or most recent employer. Any offer of employment will be subject to the receipt of three satisfactory references.

Occupational Health

Any offer of appointment will be subject to satisfactory medical clearance by an external Occupational Health provider. This is usually by health questionnaire, but may involve a medical examination.

DBS (formerly CRB) Checks

The appointment will be subject to clearance from the Disclosure and Baring Service.

Smoking

Smoking by Trust Staff is not permitted whilst on duty whether that be on Trust premises or grounds or out in the community. Staff must also be mindful of public perception and must therefore not smoke whilst travelling in Trust identified vehicles or when in uniform or can otherwise be identified as Avon and Wiltshire Mental Health Partnership NHS Trust staff.

Period of Notice

The employment is subject to three months notice on either side.

7. Geography/Attractions of Area

North Somerset is a great place to live and work!

Located in the South west of England, North Somerset offers the best of seaside and country living combined with the benefits of being close to the vibrant cities of Bristol, Bath and Exeter.

It has easy travel routes to Devon, Cornwall, South Wales, London and beyond via the M4 and M5, a central train station in Weston-Super-Mare and several smaller stations across the area and is situated close to Bristol International Airport.

The 4 main towns in the area are Weston-Super-Mare, Clevedon, Portishead and Nailsea. There are 6 main villages, Backwell, Congresbury, Long Ashton, Winscombe, Wrington and Yatton. North Somerset contains a very wide choice of housing from one off character properties to new builds. It is a growing area with significant areas of new housing being developed over the next few years.

There are 63 primary schools, 11 secondary schools, 4 independent schools and 3 special schools in the North Somerset area. In 2014, 93% of secondary school pupils in North Somerset attended a good or outstanding school putting the district second out of 15 local authorities in the South West region for this indicator.

Weston College is the only college in the west of England to be rated as 'outstanding' by Ofsted. They were named 'College of the year' and 'Overall further education provider' in the 2015 Times Educational Supplement Further Education Awards. In 2017 they were awarded the Queen's Anniversary Prize for Higher and Further Education.

North Somerset has over 40 parks, public open spaces and nature reserves and has the most Green Flag awards for green spaces in the south west. For cycling and walking enthusiasts The Strawberry Line is a 10-mile route that takes you through varied landscapes of wildlife-rich wetlands and rural villages between Yatton and Cheddar. The nearby Mendip Hills, an area of outstanding natural beauty, also has a multitude of walking and cycling routes.

Steeped in Victorian history, Weston-super-Mare is undergoing an exciting period of revival and redevelopment. Its busy high street, independent shopping districts and a growing arts and music scene, in addition to lively bars and popular restaurants, makes Weston a real up and coming, cosmopolitan town.

Weston-super-Mare hosts a huge variety of events throughout the year, from fun runs, half marathons and motorcycle beach races to music, arts and food festivals and agricultural shows.

At nearly 3k long Weston-super-Mare beach is one of the UK's longest stretches of natural sand. The historic landmark that is the grand pier is home to numerous rides and attractions.

8. The Local Health Community & Local Services

AWP provides treatment and care in people's own homes and other community settings, reflecting the preferences of our service users. Our community services are supported by high quality inpatient services that provide short term assessment, treatment and care.

Primary Care Liaison Service

The Primary Care Liaison Service based at the Long Fox Unit acts as a part of the 24 hour front door services, alongside the intensive service. It operates from 8am to 8pm Monday to Friday, and on Saturday mornings and reviews all referrals that are not required within 4 hours (which is done by the Intensive teams). It uses the point in time record of assessment and communication tool Situation, Background, Assessment, Recommendation (SBAR) to make a formulation, derive a care cluster, make a risk assessment and decide on the appropriate course of action.

Recovery Services

The recovery teams in North Somerset is based at the Coast Resource Centre, Weston-Super-Mare.

The recovery service is the main service to provide on-going care, treatment and support for service users, their families, friends and supporters. The service operates 5 days a week between 8:00 am and 8:00 pm and provides specific periods of interventions to service users requiring short or long term support to assist their recovery.

Rehabilitation Service

The community based inpatient unit is at Elmham Way in Worle, North Somerset. The Rehabilitation Services work with a client group who experience long-term complex mental health problems. The service aims to create a safe and supportive atmosphere where patients can actively and safely engage in the process of rehabilitation and recovery. The aim is to offer individualised care programmes which will include full assessments, support and treatment packages. The service offers single sex accommodation for up to 7 adults of working age with severe and enduring mental health difficulties. Referrals are received from mental health services within Avon and Wiltshire Mental Health Partnership Trust

Liaison Services

The Liaison Service in North Somerset is based at Weston General Hospital. This service offers mental health assessment to all adults (18 years and over) attending Accident and Emergency (A&E) departments who have mental health concerns including self-harm. It also assists Weston General Hospital staff in the assessment and treatment of people with mental health concerns who have been admitted with another medical problem. The team provides 7 days per week 8am to 8pm service to Weston General Hospital for adults of all ages.

Inpatient Service

Acute Adult Inpatient services for North Somerset are based at Juniper Ward, Long Fox Unit, Weston General Hospital. Inpatient services provide multi-disciplinary, multi-skilled investigation, assessment and intervention for people whose care needs cannot be managed at home due to their complexity, intensity and unpredictability.

Later Life Services

Inpatient Service

Cove and Dune wards based at The Long Fox Unit, provide specialist assessment and treatment to service users whose circumstances or needs mean they cannot be treated and supported appropriately at home or in any other environment. Separate wards look after those with functional and organic illness.

Complex Intervention Team (CIT)

This specialist service is based at Windmill House, Clevedon and offers assessment, intervention and care planning for patients over the age of 65. Safeguarding and review of relevant service users as well as signposting and providing optimum choice through working alongside other organisations.

Specialist Services

The Trust provides a range of specialist services within the Trust aimed at individuals with particular needs. The types of services that can be accessed are:

Learning disabilities services
Low secure services
Medium secure services
Mother and Baby Unit
Autism spectrum services
Eating disorder services
Personality Disorders Service
Traumatic Stress Service
CARS - Liaison and Diversion
Pathfinder Service
Veterans Mental Health Service
Community Drug and Alcohol

Criminal Justice Services
Deaf mental health service
ADHD services
CAMHS
Anxiety services
Memory Service
Street triage services
S136 units
Therapies services
Electro-convulsive therapy services
IAPT services
Care home liaison services

Population and Demographics

The total population of North Somerset according to the 2011 census is 202,566, an increase of 7.3% with a total of 88,227 households. The major concentration of the population is focussed on the town of Weston-super-Mare, and its immediate outlying villages. The remainder of the population (called Woodspring) is dispersed within the smaller towns of Clevedon, Portishead, Nailsea and Backwell. There is also a large rural area, which stretches towards the Mendip Hills. North Somerset is a retirement area, and the towns of Weston-super-Mare and Clevedon offer up to 2,000 private beds within Nursing and Residential Homes. It is a developing area, with increases in the population scheduled, particularly in Worle and the Portishead area.

21% of its population is aged 65 and over, a 17% increase since the 2001 census. It is estimated that 3,420 individuals in North Somerset suffer with Dementia (North Somerset Partnership Strategy 2013). The Black and Minority Ethnic groups (BME) make up 2.7 % of the population (census 2011) and 14.9% of children aged under 16 years are living in poverty (Child Health Profile, 2014).

Avon and Wiltshire Partnership Mental Health Trust deliver integrated Health and Social Care services in North Somerset, in an area coterminous with the North Somerset Clinical Commissioning Group and the North Somerset Council boundary.

9. The Trust

Avon and Wiltshire Mental Health Partnership NHS Trust (AWP) provides inpatient and community-based mental health care for people living in Bath and North East Somerset (B&NES), Bristol, North Somerset, South Gloucestershire, Swindon and Wiltshire. We also provide specialist services extending throughout the south west.

We employ over 4,000 dedicated members of staff who deliver services from more than 90 locations, working in approximately 150 teams across a geographical region of 2,200 miles, for a population of approximately 1.8million people.

We are passionate about promoting good mental health and wellbeing. We strive to use the expertise and resources within our organisation, and through our partnerships, to deliver high quality services that are safe and focused on people's recovery. Our staff are pivotal in everything we do and we are committed to involving them fully in the development of the Trust and our services.

Trust Details

The Trust has an annual turnover of £214m and is led by a Trust Board of Non-Executive Directors and Executive Directors.

AWP is a partner in, and expert mental health advisor to, two Strategic Transformation Plans (STPs). Our close involvement in these STPs presents exciting opportunities to raise the importance of mental health as a 'golden thread' running through the STPs and making sure the plans give mental health parity with physical health and to integrate mental health, physical health and social care in our local communities.

AWP is one of 17 partners in Bath and North East Somerset, Swindon and Wiltshire (BSW) STP

AWP is one of 15 partners in Bristol, North Somerset and South Gloucestershire (BNSSG) STP

AWP has undergone a transformation of services in line with STP footprints resulting in changes to management structure.

Under the new structure, the Trust now operates under 3 divisions mirroring the STP areas:

- West Division: Bristol, North Somerset and South Gloucestershire
- East Division: B&NES, Swindon and Wiltshire
- Specialised, Secure and CAMHS Division

Our Purpose: Working together, living our best lives

This captures the purpose of our organisation. To deliver care that empowers individuals to take control and stay in control of their life despite having a health problem. It is founded on the principle of co-production and partnership; a shared ambition and commitment to living well.

Our Vision: We aspire to give you the best possible care in the right place, at the right time, to help you recover and live your best life.

This captures our belief that more care should be accessible and increasingly available in local communities.

Our Values:

P	Passion	Doing our best, all of the time
R	Respect	listening, understanding and valuing what service users and carers, staff and stakeholders tell us
I	Integrity	Being open, honest, straightforward and reliable
D	Diversity	Relating to everyone as an individual
E	Excellence	Striving to provide the highest quality support to service users and their families

Our Strategic Principles:

Our strategic principles guide everything we do; they respond to the challenges we face today and ensure we maintain focus on what matters as we work towards our vision for the future. They are our top priorities.

Key Trust Staff

Chair	Charlotte Hitchings
Chief Executive	Dominic Hardisty
Director of Finance	Simon Truelove
Medical Director	Dr Sarah Constantine
Director of Nursing, Compliance, Assurance and Standards	Julie Kerry
Director of Human Resources	Julian Feasby
Chief Operating Officer	Matthew Page

Continuing Professional Development (CPD)

The Trust is committed to training and development as it is recognised that trained and motivated staff are crucial to our success. Whether we are inducting new employees to the Trust or meeting new challenges we recognise the importance of training and continuous professional development.

There are a wide range of training opportunities offered by the Training Department, as well as local and Trustwide academic meetings. The Trust expects consultants within local services and specialities to meet in Personal Development Plan (PDP) groups that comply with Royal College or psychiatry guidelines, in order to develop their own PDPs and keep them up to date, and it provides the time for this within Supporting Professional Activity time. The post holder will be expected to maintain good standing with respect to CPD in accordance with the Royal College of Psychiatrists guidelines.

The Medical Education team hold details of PDP groups, and can support new staff in finding a suitable consultant group.

There is a study leave allowance for Consultants of 30 days over 3 years. Study leave and expenses are approved by the Director for Medical Education.

Appraisal and Revalidation

All Consultants within the Trust participate in a formal appraisal process and attend an appraisal meeting on an annual basis either with the Medical Lead or an approved Trust appraiser. This is in line with our medical appraisal policy and the good medical practice and guidance from the General Medical Council in preparation for revalidation. The appraisal lead for the Trust is Dr Angelika Luehrs, Director for Medical Education and the Medical Education Department hold a list of recognised appraisers within the Trust.

The appraisal process requires all Consultants to use Edgumbe 360 and to provide an on-going portfolio of supporting evidence which conforms to national, General Medical Council and Royal College standards and guidance.

Appraisals link to the job planning process in line with all Trust medical staff. Sufficient support and time will be allocated in the timetable to allow full participation in the Trust's appraisal process (through allocation of SPA) and the necessary CPD and study leave activity that relates to the appraisal development plan will be supported.

In addition all medical staff must also comply with the Trust policies in relation to the process of Revalidation by the GMC. The Responsible Officer for the Trust is Dr Sarah Constantine, Medical Director.

The Trust uses PReP (Premier IT Revalidation e-Portfolio) to organise the appraisal process and facilitate revalidation recommendations by the Responsible Officer. All medical staff will be required to use PReP.

Job Planning

Job planning is undertaken in conformity with the terms and conditions of the new consultant contract. Job planning meetings take place annually between May/June and July with a clinical manager, together with a general manager if this is agreed by the consultant. Part of the job planning process will include local delivery unit (LDU) objectives that are based on the Trust's annual objectives. A group meeting with all the consultants in the LDU may take place to discuss these local objectives prior to individual job planning meetings. Job plans are reviewed within 6-9 months.

The job planning process links to appraisals. Job plans are submitted electronically using PReP (Premier IT Revalidation e-Portfolio) the same software that manages the appraisal process. The Trust does not expect consultants to opt out of the Working Time Directive.

Teaching and Training

The Medical Education Team is based at Kingswood Civic Centre, Bristol. The Director of Medical Education; Dr Angelika Luehrs, is supported by 2 Associate DMEs, two full time Teaching Fellows, 15 Undergraduate and Postgraduate Tutors across the footprint of the Trust.

Junior Doctors in Training

The Trust is the largest provider of Postgraduate Psychiatric Training in the Southwest. The Trust has 45 Core Trainees, 26 Advanced Trainees, 9 FY1, 16 FY2 and 17 Vocational Training Scheme posts for General Practice (GPVTS) across 9 training locations within the Trust.

Medical Students

Bristol University's annual intake of medical students continues to expand. Within the Faculty of Medicine, Psychiatry is an Academic unit within the Department of Community Based Medicine. The clinicians within the Trust are responsible for delivering Undergraduate Medical training in Psychiatry of the majority of students at Bristol Medical School. This takes place at six Trust sites, which overlap with five clinical academies set up by the University.

There are lots of opportunities to get more experience in teaching and assessing medical students, psychiatry trainees and Foundation doctors. Consultants are expected to be involved in and to contribute to the regular teaching programme for trainee medical staff and medical students.

All medical staff are expected to be accredited as clinical supervisors, and as an education supervisor if directly responsible for a trainee.

Research and Development

The Trust has an active central research department and receives more than £500K in NHS R&D Levy funding each year to support both externally funded and internal research. The Trust, together with its partner universities has recently been awarded Hub status by NIMHE. Research is organised in 5 NHS priorities and Needs Programmes: Psychotic Disorders, Affective and Anxiety Disorders, Older Adults Mental Health, Child and Adolescent Mental Health and Addictions. The programmes have been rated highly by the Department of Health. The Trust has excellent links with the three local Universities: Bath, Bristol and West of England, as well as with other national and international Universities, with Joint research units and a number of joint appointments. The Trust also has well developed Research Governance and has been identified as an example of good practice in Service User and Carer involvement in Research.

Mentorship

AWP has a mentorship scheme available for newly appointed consultants. The post holder is invited to take up a mentor within our Trust, and upon appointment, the new consultant or staff grade is invited to contact the Director of Medical Education who will link them in with our database of mentors. Dr Sarah Price is the lead for the mentorship scheme, and she can also be approached for guidance and advice by newly appointed medical staff.

The Trust strongly supports mentorship for newly appointed consultants and the time required for mentorship will be available within the job description and job plan. All consultant and staff grade doctors are expected to be an active member of a CPD group meeting, Royal College of Psychiatry standards.

Mental Health Act and Responsible Clinician Approval

The post holder would be expected to be approved as a Responsible Clinician or be willing to undertake training to obtain Section 12(2) MHA and will be expected to renew this approval according to agreed procedures.

Contract Agreement

The post will be covered by the terms and conditions of service for Hospital Medical and Dental staff (England and Wales) as amended from time to time. Contracts have been agreed with the BMA local negotiators, but individuals may wish to discuss this further before acceptance

Clinical Governance and Audit

The Trust is committed to providing high quality, effective care and to this end has a Trust-wide Clinical Governance Committee and locality based Clinical Governance Committees. It seeks to support Clinical audit and the development of clinical guidelines and protocols, care pathways and care packages based on best evidence. It seeks also to promote continuous education and monitoring of professional performance in order to promote the highest standards of practice.

The post holder will be expected to:

- Contribute to clinical governance and responsibility for setting and monitoring standards
- Participation in clinical audit, and/or Quality Improvement Projects.
- Participation in service/team evaluation and the planning of future service developments.

Induction

An induction programme will be offered on commencement with the Trust, the content will vary according to individual need.

Library Facilities

There is a library in The North Somerset Academy on the Weston General Hospital site. The main library for AWP is at The Blackberry Centre, Blackberry Hill Hospital, Bristol. The librarian attends the library two days per week and is easily accessible by telephone or the Trust intranet on other days.

Links with Universities

Avon & Wiltshire Mental Health Partnership NHS Trust has links to the University of Bristol, The Division of Psychiatry, The University of West of England, University of Bath and the University of Southampton.
