

BMJ in the News is a weekly digest of national and international news coverage in English for BMJ, The BMJ, and BMJ Journals.

The content is provided daily by Cision and Google Alerts. The views expressed are those of the individual journalists/outlets: they are intended to represent the breadth of media coverage, not endorsement by BMJ or the media relations team.

Coverage for 17-23 April 2023

INFLUENCE

Sally-Ann Hart, Conservative, Hastings and Rye mentioned **The BMJ** in a **Westminster Hall debate** [Pandemic Prevention, Preparedness and Response: International Agreement](#) **17 April 2023**: "Covid-19 has affected each and every one of us; no region or country has been spared. According to The BMJ, in less than two years covid-19 infected more than 240 million people, with 5 million lives lost."

The International Society of Microbiota cites 2019 research on faecal microbiota transplantation in **Gut** in its call for international collaboration on the Stool Biobank Project.
