

BMJ in the News is a weekly digest of national and international news coverage in English for BMJ, The BMJ, and BMJ Journals.

The content is provided daily by Cision and Google Alerts. The views expressed are those of the individual journalists/outlets: they are intended to represent the breadth of media coverage, not endorsement by BMJ or the media relations team.

Coverage for 08-14 May 2023

INFLUENCE

Lord Bethell, Conservative mentioned **BMJ Global Health** in an [Online Safety Bill - Committee Day](#) in the House of Lords 11 May 2023: I also remind noble Lords that foreign actors and states are causing severe trouble in this area. "Foreign disinformation" social media campaigns are linked to falling vaccination rates, according to an international time-trend analysis published by **BMJ Global Health**.
