

BMJ in the News is a weekly digest of national and international news coverage in English for BMJ, The BMJ, and BMJ Journals.

The content is provided daily by Cision and Google Alerts. The views expressed are those of the individual journalists/outlets: they are intended to represent the breadth of media coverage, not endorsement by BMJ or the media relations team.

Coverage for 5 - 11 February 2024

INFLUENCE

Lord Sikka mentioned the **Journal of Epidemiology & Community Health** during a [House of Lords debate on the UK labour market](#) on Thursday 8 February 2024 (1 hour 26 minutes in). "A 2022 study published in the *Journal of Epidemiology & Community Health* reported that between 2012 and 2019, government-imposed austerity caused 335,000 excess deaths in England and Scotland."
