WORKS BY DR. DOBELL,

SENIOR PHYSICIAN TO THE ROYAL HOSPITAL FOR DISEASES OF THE CHEST, ETC.

**Affections of the Heart and IN ITS NEIGHBOURHOOD.** Cases, Aphorisms, and Commentaries. 8vo, cloth, price 6s. 6d. Illustrated.

"Dr. Dobell has paid particular attention to certain throat symptoms in connection with diseases of the heart. We heartily commend the present volume as full of clinical significance."—*Med. Press and Circular*, Oct., 1872.

"Dr. Dobell is one of the most hardworking members of the profession, and his work generally lies in the direction of practical clinics and therapeutics..... Cases are set forth as the basis of the whole book, and the points which arise out of these are argued out and illustrated. These aphorisms are valuable as forcible embodiments of useful hints and cautions..... Dr. Dobell sketches a comfortable and ingenious bed for cases of heart disease."—*Westminster Review*, July, 1872.

H. K. LEWIS, Gower Street.
