THE

EDUCATIONAL NUMBER OF THE BRITISH MEDICAL JOURNAL

For the Medical Session, 1875-6,

WILL BE ISSUED ON SATURDAY, SEPTEMBER 11TH, 1875.

Advertisements should be forwarded without delay.

Office, 36, Great Queen Street, W.C.

Just published, price 2s. 6d., post 8vo.

Outlines of Medical and Surgical ELECTRICITY, and Short Notices of the Principal Diseases in which Electricity has been employed successfully. By H. CAMPBELL, M.D.

London: HENRY RENSHAW, 356, Strand.

Now ready, Third Edition, Revised and Enlarged, 8vo, cloth, 6s.

On the Immediate Treatment of STRICTURE of the URETHRA.

By BARNARD HOLT, F.R.C.S., Senior Surgeon to the Westminster Hospital.

"Mr. Holt's method of treatment of stricture of the urethra by 'immediate dilatation' is so fully recognised and practised by surgeons of the day, that his work, in which the results of his own practice are recorded, can need no recommendation."—*The Lancet*.

"This work will both spread Mr. Holt's already well-earned reputation, and, what he will value far more, will help to lessen human suffering and prolong human life."—*Eain. Med. Jour.*

J. and A. CHURCHILL, New Burlington Street.

Price 4s.

On Epilepsy, Hysteria, and ATAXY. By JULIUS ALTHAUS, M.D., M.R.C.P., Physician to the Hospital for Diseases of the Nervous System.

J. & A. CHURCHILL, New Burlington Street.
