Comprehensive geriatric assessment for older adults admitted to hospital: meta-analysis of randomised controlled trials

In this research paper by Graham Ellis and colleagues (*BMJ* 2011;343:d6553, doi:10.1136/bmj.d6553), the authors should have included the following acknowledgment of the Cochrane Collaboration: "This article is based on a Cochrane Review published in the *Cochrane Database of Systematic Reviews* (2011;7:doi:10.1002/14651858.CD006211.pub2) (see www.thecochranelibrary.com for information). Cochrane Reviews

are regularly updated as new evidence emerges and in response to feedback, and the *Cochrane Database of Systematic Reviews* should be consulted for the most recent version of the review."
