## Increasing the efficiency of D-dimer tests

The journal on which this Research News story (*BMJ* 2013;346:f252, doi:10.1136/bmj.f252) was based is the *Annals of Internal Medicine* [not *JAMA Internal Medicine*, as published]. We got this wrong in the print version and in the online versions. Additionally, in the print issue and the pdf of

the print version, the page numbers were wrong. The correct citation is: *Ann Intern Med* 2013;158:93-100.
