Dyslipidaemia and cardiovascular risk

In an article about dyslipidaemia and cardiovascular risk by Aidan Ryan and colleagues (*BMJ* 2018;360:k835, doi:10.1136/bmj.k835) Figure 1 contained an error. The box containing the

statement "Creatinine Kinase $\leq$ 4 x upper limit of normal" should instead read "Creatinine Kinase $\geq$ 4 x upper limit of normal."
