## Correction

### Low risk pragmatic trials do not always require participants' informed consent

The affiliation of one of the authors in the Analysis article by Dal-Ré and colleagues (*BMJ* 2019;364:l1092, doi:10.1136/bmj.

l1092, 27 March 2019) was incomplete. The address for Emilio Perucca should be Department of Internal Medicine, University of Pavia and IRCCS Mondino Foundation, Pavia, Italy.
