BMA research awards 1977

Applications are invited for the 12 research awards offered by the BMA's Board of Science and Education. These range from the Doris Odium Award—£250 for research in mental health—to the Edith Walsh Award—£1000 for research into cardiac and respiratory disease. The smaller awards are intended particularly to facilitate pilot projects with a view to the development of research on a wider basis. Conditions of entry and application forms can be obtained from the secretary, Board of Science and Education, BMA, BMA House, Tavistock Square, London WC1H 9JP. The closing date for applications is 1 July 1977.

Corrections

Burst abdomen—a preventable condition?

Mr A M Smith states that in his letter (16 April, p 1028) he should have said that he had changed to polypropylene (Prolene) sutures, not polyethylene.

Annual Report of Council

In the recommendation in paragraph (30.19), *Amendments to the Articles, By-laws, and Second Schedule to the By-laws and Standing Orders of the Representative Body* (23 April, p 1103), "Appendices VI and VII" should have read "Appendices VII and VIII." We apologise for this error.
