CORRECTIONS

Professor S. J. Cowell

Referring to the obituary of Professor S. J. Cowell (14 August, p. 436), Sir Selwyn Selwyn-Clarke writes: “My cousin, Lady Melchiony’s investigations were not related to the effect of sugar on dental caries but rather to the effect of vitamin A and D on the structure of dental tissues and so on their liability to disease, including, of course, dental caries.”

Notice to Authors

When original articles and letters for publication are not submitted exclusively to the British Medical Journal they must be stated.

Correspondence on editorial business should be addressed to the Editor, British Medical Journal, R.M.A. House, Tavistock Square, London W.C.1.

Authors wanting reprints of their articles should notify the Publishing Manager, B.M.A. House, Tavistock Square, WC1H 9JR, on receipt of proofs.
