No more disease silos for sub-Saharan Africa

An editorial slip changed the sense of a sentence in this Analysis by Patricio Marquez and Jill Farrington (BMJ 2012;345:e5812, doi:10.1136/bmj.e5812). The second sentence in the fifth paragraph should have noted that it is a lack of adequate (“inadequate”) social protection that will drive families and individuals further into poverty.
