### Many Indian HIV patients drop out of healthcare before they qualify for antiretrovirals, study finds

In converting the CD4 counts to SI units in this News story (*BMJ* 2013;347:f6390, doi:10.1136/bmj.f6390) we gave the wrong exponents. Though the numbers themselves are correct, the units should all have been expressed as  $10^6/L$ , not  $10^9/L$ .
