Sepsis in children

In this Clinical Review by Adrian Plunkett and Jeremy Tong (BMJ 2015;350:h3017, doi:10.1136/bmj.h3017), box 1 (“Typical or important pathogens in sepsis”) has an error: the subheading “Mosquito-borne disease” should have been “Mosquito-borne disease and other tropical diseases” because *Burkholderia pseudomallei* (included in the list) is not transmitted via mosquitoes.
