## Modafinil does enhance cognition, review finds

In the last paragraph of this News story (*BMJ* 2015;351:h4573, doi:10.1136/bmj.h4573), we incorrectly said that modafinil “is now out of patent and produced by a number of generic companies as Provigil.” In fact, Provigil is the brand name and modafinil the generic name.
