Metformin as firstline treatment for type 2 diabetes: are we sure?

In this Analysis article (*BMJ* 2016;352:h6748, doi:10.1136/bmj.h6748) the first author, Rémy Boussageon, should have listed a second affiliation to Collège National des Généralistes Enseignants, Montreuil sous Bois, France. In addition, in the

contributors and sources section we should have given his initials as RB not RM.
