Assisted dying: it's time to poll UK doctors

We have corrected this Editor's Choice (BMJ 2018;360:k593, doi:10.1136/bmj.k593), which previously wrongly described Jacky Davis as a retired anaesthetist. She is in fact practising,

as a consultant radiologist, in addition to her roles in Healthcare Professionals for Assisted Dying and the BMA council.
