Serial circulating omega 3 polyunsaturated fatty acids and healthy ageing among older adults in the Cardiovascular Health Study: prospective cohort study

In this article (*BMJ* 2018;363:k4067, doi:10.1136/bmj.k4067), figures 1 and 2 were mistakenly put in the wrong order: figure 1 should have been figure 2, and figure 2 should have been figure 1. The figure captions remain correct and stay the same. As a result, the wrong image for figure 2 was inserted in the 20

October 2018 print issue; the following URL links to the correct image: <https://www.bmj.com/content/bmj/363/bmj.k4067/F2.large.jpg> that should have been in its place.

This figure order has since been corrected in the online version and the online PDF.
