Doctors' conflicts of interest

During editing of this editorial by Fiona Godlee and colleagues (*BMJ* 2020;370:m3247, doi:10.1136/bmj.m3247) reference to a 2005 call by the House of Commons Health Select Committee for a GMC register of interests was incorrectly removed. The committee repeated this call in 2013. The online version has been updated.
