Update to living WHO guideline on drugs for covid-19

This living guideline by Lamontagne and colleagues (*BMJ* 2020;370:m3379) has been updated. For the latest update, visit doi:. The latest version of this WHO living guidance focuses on remdesivir, following the 15 October 2020 preprint publication of results from the WHO SOLIDARITY trial. It contains a weak or conditional recommendation against the use of remdesivir in hospitalised patients with covid-19.
