

Re: "Food sources of sugars and glycemic control: A systematic review and meta-analysis of controlled trials" (Manuscript ID BMJ.2017.038661.R1)

Dear Dr. Villanueva:

Thank you for forwarding the comment of our above-mentioned manuscript.

As requested, we have edited the manuscript regarding the patient and public involvement statement to be more inclusive of different aspects of the study (page 9, lines 190-193).

Many thanks for your help with this submission.
