

Subject: BMJ - Decision on Manuscript ID BMJ.2017.040538.R2

Body: 08-Jan-2018

Dear Dr. Srour:

Manuscript ID BMJ.2017.040538.R2 entitled "Consumption of ultra-processed foods and cancer risk: results from the NutriNet-Santé prospective cohort" which you submitted to BMJ,

Thank you for sending us your paper. We are pleased to say that we would like to publish it in the BMJ as long you are willing and able to revise your paper as explained below in the report. We are provisionally offering acceptance but will make the final decision when we see the revised version.

We are looking forward to reading the revised manuscript and, we hope, making a final acceptance decision.

Comments :

1. Please double check the page numbers in your response letter, there are many miss-matches between the letter and the text of the manuscript.
2. Please double check the denoting numbers of model 2 and 3 in the response letter and compare them with the footnote of table 2 and the text.

In your response please provide, point by point, your replies to the comments, explaining how you have dealt with them in the paper.

Please note that the BMJ might choose to shorten content or replace or re-size images for the print issue.

Please remember that the author list and order were finalised upon initial submission, and reviewers and editors judged the paper in light of this information, particularly regarding any competing interests. If authors are later added to a paper this process is subverted. In that case, we reserve the right to rescind any previous decision or return the paper to the review process. Please also remember that we reserve the right to require formation of an authorship group when there are a large number of authors.

*** PLEASE NOTE: This is a two-step process. After clicking on the link, you will be directed to a webpage to confirm. ***
