4	Papers for discussion	4a – Deloitte Seven Day Services <ul style="list-style-type: none"> The document presented provided an update on impact 		

<i>Item</i>	<i>Content</i>	<i>Update</i>	<i>Action Owner</i>	<i>Deadline</i>
		<p>analysis.</p> <ul style="list-style-type: none"> • The numbers presented are an initial output for a single health economy and will need to be refined further. • Slide 4 details what initial outputs of the modelling does and does not include. • The impact of changes to demand, are not included, there could be a lower demand at the weekend for some services, the workforce costs need to be addressed. • The graph on slide 5 shows the net impact across the health economy could be approx. 4%. • Two more health economies still need to be added which will be key to the final modelling. • MA felt that it would be beneficial to look at the impact of seven day services on industry eg, through rehab services • JP wanted the various seven day changes and in day variation scenarios to be addressed at a later date. • Social care modelling will also be carried out. <p><i>Out of Scope</i></p> <p><i>Out of Scope</i></p> <p><i>Out of Scope</i></p>
